Friday 14th March

6.30pm-8.30pm

WHERE:

Radius Art Gallery
76 Main Road
Hepburn Springs, Vic

Book Launch: Funga Obscura

Alison Pouliot's latest book is about fungi, and the photography of fungi.

The title - Funga Obscura - unites the two.

Beginning in elemental landscapes of ice and rock, the book traces the evolutionary path of fungi as enablers of life on land, and creators of soils and forests.

Crossing continents and ecosystems, we navigate lichen-covered landscapes, crawl in the fungal undergrowth, scale glacial extremes and duck between rainforest shadows.

Please join us to celebrate the launch of her book, hear some stories of her travels in the photographing and writing of the book, and enjoy a glass of bubbles.

Funga Obscura and Alison's previous titles will be available for purchase.

There's no charge to attend but please register.

For the full listing of further launches and events, please see [here](#).
